

WHY YOU SHOULD VOTE FOR CHUCK MAYNARD

On September 11, 1990, Chuck Maynard will be involved in a Primary Runoff for The Republican Nomination as Commissioner "A" in Wasatch County. Your vote will help decide whether Chuck or his opponent, Lana Riddle, will face Incumbent Democratic Commissioner Pete Coleman in the November General Election. This flyer was prepared so that you will understand where Chuck stands on the issues.

TAXES - - - Chuck is opposed to all tax increases! ! ! He will work to see that County Government is efficient and careful with all tax dollars. Increased revenues should come from appropriate growth.

GROWTH - - - Chuck favors reasonable, controlled growth. It is imperative that WE control our own destiny through planning. It is also important that we don't turn into a ghost town.

HIGHWAYS - - - We must complete Highway 189 in Provo Canyon. Chuck will use every tool possible to accomplish this.

CONSOLIDATION- - - Where ever possible and feasible, we should consolidate county and city services to save money and provide better service to the community.

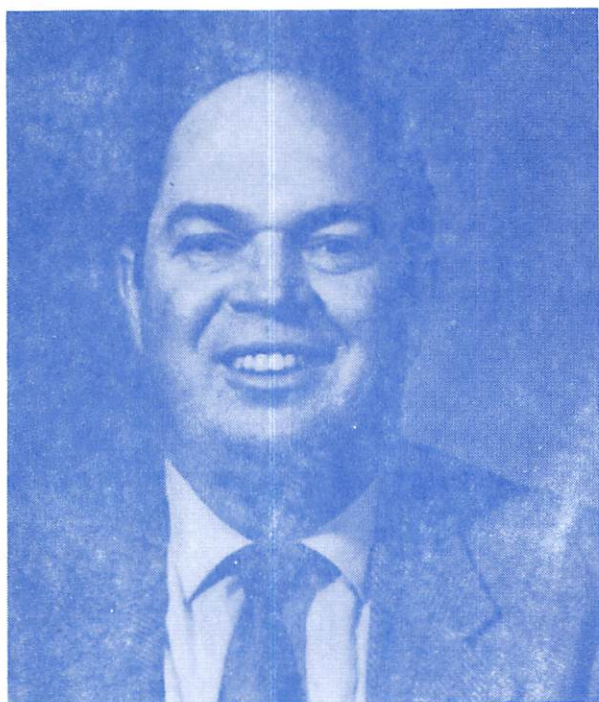

HOSPITAL- - - Chuck will do everything in his power to keep the hospital in Wasatch County.

COOPERATION- - - County and City Governments must cooperate with each other to insure the best results for all citizens.

" I Believe that the Office of County Commissioner might best be described as that of County Listener. As an elected official, a Commissioner's responsibility is to listen to the voters and then act in their best interest. A Commissioner cannot force his or her own ideas and personal interest on the public."

CHUCK MAYNARD

For
**Our
Future!**

As you cast your votes on November 6th, you will be deciding whether Chuck Maynard or Pete Coleman will represent you until 1994. But more importantly, you will be deciding HOW you are represented. If elected, I will do some things that haven't been done in the past. As your commissioner, I will keep you informed on the issues and ask for YOUR input by sending out flyers like this twice a year. Below is a sample of what I will send to each home in order to keep you informed:

REAPPORTIONMENT- Currently, our county is split in half so that half of our people are in one Legislative District while the other half are in another. This makes it very difficult for Wasatch County to have anyone elected as a state representative. Reapportionment is being done now and will probably not be done again for another 10 years. We must act NOW to change this.

C.U.P. WATER RIGHTS- The funding bill has been passed but we still need to fight to minimize our loss of water rights.

HOSPITAL- Our quality of life depends on keeping the hospital in our community. If we want it, we must support it to keep it here.

TAXES- I oppose all tax increases. County government must be efficient and growth alone should provide additional revenues.

HIGHWAYS- Provo Canyon Highway must be completed. A concerned citizens group from our county should be organized.

BRIGHTON SKI RESORT- A political "Hot Potato". If it is determined that the resort will turn our community into another Park City, then I oppose it. But, if WE can control it and improve our quality of life then I would support it.

COMMUNICATION- Please call me with your ideas and suggestions. My number is: **654-3210**

I am concerned about the future of our valley. I want to raise my family in the same valley we now live in, a vibrant, healthy, safe valley; **WITH A FUTURE**. Please vote for our future and elect me, Chuck Maynard, on November 6th.

Sincerely,

Charles L. Maynard
